

REMARKS

This Amendment is in response to the Office Action mailed 28 June 2007 in which claims 35 and 37-39 were rejected and claims 52-56 were indicated as objected to.

Entry and favorable consideration of the amendments and remarks presented herein is earnestly solicited.

Applicant notes that allowable claims 52 -55 depend directly or indirectly from independent claim 35 while allowable claim 56 depends directly from independent claim 35. Thus Applicant herewith incorporates the limitations of allowable claim 56 into independent claim 35 thereby rendering claim 35 allowable. Since claims 37-39 (and 52-55) all depend directly or indirectly from allowable claim 35 Applicant respectfully asserts that they too are now in condition for allowance.

Applicant therefore respectfully suggests that all pending claims are now in condition for allowance and no further substantive amendments or remarks are required to pass the claimed invention to timely issuance as U.S. Letters Patent.
